

THE LIGHT OF PUBLICITY AND ANALYSIS TO BE TURNED ON LEGISLATIVE PROCEEDINGS

P. A. STANTON IS SPEAKER OF THE HOUSE

Wolfe Temporary President of
Senate; Caucus Program
Goes Through

BELL NOT ALLOWED IN
REPUBLICAN CAUCUS

Session is Expected to be the
Most Important in Many
Years

SACRAMENTO, Jan. 4.—Both
houses of the legislature convened
at noon today and chose their of-
ficers. The election went as had
been programmed at the Republican
caucus. P. A. Stanton of Los An-
geles, took the speaker's chair in the
assembly, and Senator Wolfe was
made president pro tem of the upper
house. No disposition of patronage
was made, the question being left
in the hands of the committees of each
house.

Caucus Rejects Bell
SACRAMENTO, Jan. 4.—By a vote
of sixteen to fourteen, the Republi-
can senatorial caucus this morning
refused to admit Charles W. Bell.
The fight is significant because it
showed that the "insurgents" almost
outnumber the "regulars." The caucus
named the following officers:
Edward Wolfe, president pro tem;
Lewis Hilborn, secretary, and Lewis
Martin, sergeant-at-arms of the senate,
with Father Wymann of San Francisco,
a Paulist father, as chaplain. Leroy
Wright was chairman of the caucus,
and A. E. Boynton, secretary.

**CALLAN BEGINS FIGHT
AGAINST SENATOR PERKINS**
Assemblyman Callan of San Francisco,
is today active in the fight against
Senator Perkins. He personally inter-
viewed all the legislators and urged
his cause.
It was shown that Callan is going
to lose the expected assistance of
twenty-nine Democrats. At the caucus
this morning the Democrats decided
to not pledge their votes to Callan,
on the ground that he could not
positively promise thirty-two Republi-
can votes against Perkins. The Demo-
crats announced that they did not
want to commit "political har-
kari" by allying themselves with Callan.

SACRAMENTO, CAL., Dec. 4.—The
Thirty-eighth California Legislature
met here today with the prospect of
sensational contests over the anti-
race gambling bill and the direct
primary measure, as the result of
the efforts of the reform element to
end the domination of state politics
by the Southern Pacific railroad ma-
chine. Numerous other matters of
vital interest make the session one
of the most important in many years.
A vigorous fight is to be made
against Senator George C. Perkins,
but it is generally believed that the
organization has decided to send him
back to Congress and that when it
comes to the final vote the Republi-
cans in the upper house will stand
almost unanimously for him.

Lincoln-Roosevelt League adherents
desire the direct primary act drawn
by the executive committee of the re-
form party adopted in its present
form. Organization Republicans, it is
said, are not at all pleased with the
bill to be submitted by the League
and will endeavor to amend the meas-

"ESPEE" LOBBY AND THE "PEOPLE'S" LOBBY LINING UP AT SACRAMENTO

SACRAMENTO, Jan. 4.—Simultaneously with the
appearance of George Hatton, Walter Parker, General
George Stone, and others credited with an interest in the
so-called Southern Pacific "Machine," who arrived at the
capitol yesterday, came George B. Anderson, of Los An-
geles, who will have charge of the "People's" lobby. An-
derson and his assistants will watch every bill in both
houses, and report every movement of the legislators.
They intend to publish a "legislative record," describing
every bill with its good and bad features, and to show how
each senator and assemblyman have voted. This record
will be sent to all the newspapers, libraries, civic bodies,
municipal trustees, and county supervisors. It has also
been reported, and never denied, that Detective Burns will
send a picked squad of "picked men" to watch the legisla-
tors in aid of the "People's" lobby.

ALASKA HIT BY BLIZZARD

Feared That Men Are Lost in
Worst Storm Ever Known
on Peninsula

Nome's Water Front Threat-
ened With Ice That Crushes
Kewalik Wharf

NOME, Jan. 4.—One of the worst
blizzards that ever swept Seward
Peninsula is raging today and it is
feared several men have been lost.
Harry Cox, a miner, who left Solo-
mon two days ago, is missing, and
no trace has been found by search-
ers.
The driver for W. A. Rowe, with a
four horse team, transferring a min-
ing outfit to Seattle creek, has not
been heard of for two days.
The Kewalik wharf has been crushed
in by the ice. An inshore wind,
blowing for several days, has caused
an extremely high tide. The ice
threatens many buildings on the wa-
ter front of this city. Four Eskimo
sealers, driven to sea on an ice floe,
have not been seen since.

Y. M. C. A. TO BE STARTED IN SAN BERNARDINO

SAN BERNARDINO, Jan. 4.—A
movement will be started in all the
churches and throughout the city gen-
erally next Sunday toward the found-
ing of a permanent Y. M. C. A. or-
ganization in this city. W. C. A. An-
son, the local corresponding secre-
tary, has received a telegram from
the state executive committee select-
ing the date for beginning the work
here. Secretary Pearson will be here
from Los Angeles to address a union
meeting in the Baptist church.

CALHOUN CASE PUT OFF IN HENEY'S ABSENCE

SAN FRANCISCO, Jan. 4.—Presi-
dent Calhoun of the United Railroads,
appeared in Judge Lawlor's court to-
day. Owing to the absence of Francis
J. Heney the hearing set for tomor-
row was continued until January 12.

Petition for Road

Another road petition for a road
north of Orange was given the coun-
ty clerk today. The road is to run
a mile due east of the southwest

THIEVES NOT ALL IN JAIL

ing—Attempt at Ana-

R. M. Hargraves Finds Part of
His Harness Missing
From Barn

Though there are three horse-
thieves in the Orange county jail and
three in the Los Angeles jail, there
are still plenty of horse thieves abroad
to keep the officers busy.

Thursday night a horse was stolen
from Placentia beside a road where
Robert Johnson, who was traveling by
wagon to Perris, had camped. A
thief making away with one of the
horses of the Union Brewing Co. of
Anaheim was interrupted by a neigh-
bor, who yelled at him as he was lead-
ing the horse away. The thief drop-
ped the rope and ran to a buggy into
which he got and drove away.

On Thursday night part of a har-
ness was stolen from the barn of R.
M. Hargraves on North Main street
in West Orange. Hargraves did not
miss the harness until yesterday. He
then remembered that on Thursday
night about 9 o'clock he heard his dog
barking loudly at the barn. The thief
failed to find the bridle and breast
strap. It is thought the same person
got this piece of harness who got
Frank Thomas' outfit on Fourth street
here Thursday night.

DISMISSAL OF YUAN SHI KAI ENDANGERS PEACE

PEKIN, Jan. 4.—It is felt here that
peace is endangered by the recent dis-
missal of Yuan Shi Kai, grand coun-
cillor and commander of the army,
from his offices, and the appointment
of his successor, Na Tung, controller
of customs and ex-governor of Pe-
king. The reason of the change is of-
ficially assigned as rheumatism, but
it is said Yuan is out of sympathy with
the new regime.

FLEET BEGINS PASSAGE THROUGH THE SUEZ CANAL

WASHINGTON, Jan. 4.—The bat-
tleships Connecticut, Vermont, Minne-
sota, Kansas, started through the
Suez canal early today for Port Said.

CONGRESS RESPONDED WITH \$800,000 FOR ITALY

WASHINGTON, Jan. 4.—
When congress reconvened to-
day both houses immediately
took up the president's special
message asking aid for the Ital-
ian sufferers. The House im-
mediately passed a bill appro-
priating \$800,000, half a million
in cash and three hundred thou-
sand in value of supplies aboard
the Culgoa and Celtic. The Sen-
ate referred the matter to the
committee on appropriations,
and Senator Hale offered a reso-
lution for adjournment during
which the committee met to
consider the appropriation,
which was adopted.

President Roosevelt's mes-
sage said: "The appalling cal-
amity which has befallen the
people of Italy has been follow-
ed by distress and suffering. The
ordinary machinery for supply-
ing their wants is paralyzed and
an exceptional emergency ex-
ists. The immense debt of civiliza-
tion to Italy, the warm friend-
ship between that country and
ours, and our own abundance
should prompt us to send relief."

Confident of your approval I
have ordered the supply ships
Celtic and Culgoa to proceed to
the scene of the disaster, where-
upon receiving the authority
now asked from you, they will
be ordered to dispense supplies.
Eight battleships are under or-
ders to proceed to Italian wa-
ters, and the Italian government
should be asked if they can be
useful.

"I recommend that congress
approve the application of the
supplies indicated, and further
appropriate half a million dol-
lars to apply to the work of re-
lief, under the direction of the
executive, and with the consent
of the Italian government."

After the relief bill had pass-
ed, the house listened to the
president's message on the se-
cret service.

Senate Passes Relief Bill
WASHINGTON, Jan. 4.—The
Senate this afternoon passed
the Italian appropriation of half
a million in cash, and three
hundred thousand dollars in
supplies.

FINCH MUST HANG; HE COLLAPSES ON SENTENCE

PORTLAND, Ore., Jan. 4.—James
Finch, convicted of murder in the
first degree for killing Ralph Fisher,
was sentenced to hang February 5th
in the penitentiary at Salem. Judge
Bronaugh passed the sentence. Finch
sank into a chair on the verge of col-
lapse. He had been married two
weeks when he fired the fatal shot.

FIVE JURORS IN RICHARDS CASE

Special Venire of Twenty Nec-
essary to Secure the Twelve
Men for Trial

The trial of John Richards on the
charge of embezzling \$194 from the
Edison Electric Co. last May was be-
gun in the Superior court today. At
noon five jurors had been sworn, the
venire exhausted and an order for
a special venire of twenty issued,
returnable at 3 o'clock. The five
men sworn in are W. F. Stroschein,
C. P. Remsburg, W. C. Jerome, G. C.
Wood and Thomas Jessup. The pro-
secution, represented by District At-
torney Davis and Deputy Rutan, chal-
lenged J. L. Knesel and A. W. Brock-
man, and the defense, represented by
Attorney Bishop of Santa Ana and
Attorney Garrett of Los Angeles,
challenged W. S. Ensign, Frank Ey,
H. J. Towne, W. J. Hill and F. E.
Bangs.

The defense, after exercising sev-
eral challenges and before the five
men were sworn, asked that the box
be filled and the oath postponed until
the twelve men were selected. Judge
West denied the motion, citing a Su-
preme court decision that directs
that men be sworn in as jurors when
the court and both sides have passed
upon them.

AFFRIGHTED PEOPLE ARE FLEEING FROM STROMBOLI

Heavy Shocks Recur. Fiery Moun-
tain Belches Fire and Smoke.
Cities Will Be Rebuilt

NAPLES, Jan. 4.—A series of heavy
shocks have recurred in the Lipari
Island group on the northern Strait of
Messina, attended by renewed activ-
ity of the volcano on Stromboli.

A huge cloud of smoke is ascend-
ing from Stromboli today, and the
fumes are noticed far out at sea. A
soft and almost impalpable rain of
ashes is falling in the vicinity of the
eruptive mountain. The island of
Stromboli is practically deserted, and
the inhabitants have taken refuge on
the mainland.

The government received word
today from the various military head-
quarters in the south that the recent
shocks had done no serious damage.

JAPANESE EXPERT WILL INVESTIGATE EARTHQUAKE

TOKIO, Jan. 4.—Professor Omeri, a
Japanese expert of seismic distur-
bances, has been ordered by the gov-
ernment to proceed to Italy and in-
vestigate the incidents attendant to
the tremor and tidal wave in Sicily
and Calabria.

UNDAUNTED CITIZENS TO REBUILD RUINED CITIES

ROME, Jan. 4.—Undaunted by the
ruins that surround them, and the
memories of last week's horrors, the
citizens of Messina and Reggio are
planning to rebuild the ancient cities
that fell in ruins about them. The
word of their resolve was brought
here today by Cardinal Navam, Arch-
bishop of Catania.

He said: "The destruction of the

cities is as complete as pictured in
the most extravagant stories publish-
ed, but there is no thought among the
prominent citizens that Reggio and
Messina are to be abandoned. Many
of the smaller towns will not be re-
built as they are literally blotted out
and their sites are of no particular
commercial advantage. Because of
decaying bodies it will be necessary
to abandon the cities shortly to avoid
pestilence. It will be six months be-
fore the ruins can be safely approach-
ed and cleared away."

The best estimate is that eighty
thousand bodies are buried in the
ruins of Messina. The rescuers are
weighing bodies in the strait. The
king is in conference with his cabinet
today, discussing measures of relief.

GHOULS ROB LIVING AND DEAD IN RUINS

VALETTA, Island of Malta, Jan. 4.
—The horrors of looting and pillag-
ing by drink-crazed, liberty madden-
ed convicts, augmented in several in-
stances by the police of the stricken
Italian cities, are graphically told by
the refugees arriving here today.

Scarcely had the dust of the top-
pling buildings settled and the fires
had sprung up, before hordes of
ghouls began a frenzied attack upon
living and dead, cutting off fingers
and ears, for jewelry, setting fire to
every undestroyed building in fend-
ish glee. In many instances the po-
lice joined the looters. The battles
between the looters and rescuers have
been frequent and many have been
killed.

JUSTICE REFUSES TO TAKE WARRANT

Application for Writ of Mandate
to be Made Shortly by
Attorney

County Auditor Lester, acting un-
der the advice of the district attor-
ney, drew the warrant for the sal-
aries of Justice of the Peace Pfeiffer
and Constable Miller of Orange for
\$25, the justice having asked that his
salary be fixed at \$50 per month in
accordance with the way he under-
stands the state law regulating his
salary according to the population of
the township. Justice Pfeiffer has
returned the warrant with his re-
fusal to accept it until the matter is
passed upon by the Superior court.
Attorney R. Y. Williams, represent-
ing the justice, will shortly apply to
the Superior court for a writ of
mandate directing the auditor to
draw the warrant for \$50 instead of
\$25. Constable Miller is represented
by Attorney Brown of Orange. It is
understood that the constable will
await the decision in the Pfeiffer
case, the cases being identical.

OLD SERBIAN CABINET RESIGNS UNDER STRESS

BELGRADE, Jan. 4.—Owing to a
public demand for a more aggressive
attitude toward Austria, the Serbian
cabinet resigned today. A new cabi-
net was chosen immediately, which
will probably support the premier's
aggressive policy.

rael's sanitarium. The operation

pect a complete recovery. The opera-
tion lasted for four hours and was at-
tended by some of the most eminent
specialists of Berlin.

STANDARD WINS. GAS CO. LOSES BY DECISION

WASHINGTON, D. C., Jan. 4.—The
United States Supreme Court today
denied the petition of the government
for a review of the case in which the
Standard Oil Co. was fined twenty-
nine millions by Judge K. M. Landis.
This means that the fine cannot stand,
having been reversed on appeal. This
decision upholds the reversal.

The case came up upon application
of the U. S. government for a review
of the decision of the Federal Circuit
Court of Appeals, Chicago, which in
a scathing decision written by Judge
Grosscup reversed Judge Landis, and
remanded the case for retrial. The
decision today leaves the case where
it was after Grosscup's decision, and
it must go back for retrial.

ACCEPT 80 CENT RATE GAS COMPANIES MUST

WASHINGTON, Jan. 4.—The Fed-
eral Supreme Court today decided
against the Consolidated Gas Com-
panies of New York, in the famous
injunction against the operation of the
law passed by the legislature fixing
that price.

The legislature in 1905 decided that
a rate of eighty cents per thousand
feet, would give the company six per

CLOSE SHAVE IN WRECK OF BIG CAR

W. E. McFadden's Automobile
Skidded, Wobbled and Went
Over on Its Side

MISS HOPE FORSTER JUMPED AND FELL

Wet Pavement Caused Acci-
dent on East Fourth Street
Yesterday

The skidding of an automobile on
the wet pavement on East Fourth
street yesterday morning resulted in
an automobile wreck in which the
lives of W. E. McFadden of Placentia,
owner of the machine, and fam-
ily, and Miss Hope Forster of Capis-
trano, were endangered. Miss Forster,
a niece of Mrs. McFadden, was
thrown face down on the pavement,
and sustained a number of bruises
and slight lacerations, but was not
badly hurt. The wheels on one side
of the car, a Great Smith, were de-
molished.

McFadden was driving east on
Fourth street and turned across the
car tracks to pass a rig. The auto-
mobile skidded into the curb. The
rear wheel was stripped to the hub,
and the front wheel badly twisted, so
that the car in its further progress
wobbled from side to side. It went
for a quarter of a block, turned com-
pletely around and went over on its
side.

Miss Forster attempted to jump
from the machine as it was going
over and was thrown, and as the ma-
chine went over on edge it struck her
in the back. Mr. McFadden kept his
seat, and was not hurt. Miss Forster
was taken to the home of her aunt,
Mrs. Cornelius Echenique on French
street, where she was cared for. Mrs.
McFadden was in the auto with her
baby.

ROOSEVELT UPHELD IN BROWNSVILLE CASE

WASHINGTON, Jan. 4.—The legal-
ity of President Roosevelt's dismissal
of the negro troops in the Browns-
ville case was upheld in the United
States Supreme Court today, in its
decision in the case of Oscar W. Reid.
Reid sought to recover from the gov-
ernment all back pay from the time
of his dismissal until the time his en-
listment expired.

A CLEAN GAME NEW YEAR'S DAY

Y. M. C. A. Boys at Garden
Grove Are Defeated by
Picked Team

GARDEN GROVE, Jan. 2.—On New Years afternoon there was a great celebration at the Garden Grove base ball diamond south of the lumber yard under the auspices of the Y. M. C. A. The feature of the afternoon was a baseball game between the local Y. M. C. A. assisted by the new assistant county Y. M. C. A. secretary and Mr. Barret, a member of the student band, and a picked team of Garden Grove boys assisted by several from neighboring towns.

The game while an easy one for the town boys was interesting from start to finish. The game was remarkable in several ways. One could not but notice the goodwill and fellowship shown, the lack of disputed decisions, the absence of profanity—in sooth it was a very clean game from the standpoint of both players and audience.

The feature of the game was the pitching of W. Henrich. His speed and curves were a continual puzzle for the Y. M. C. A. boys and especially for the younger players who for the first time tried to unravel spheroid contortions of such a calibre as they were served with. The final score stood 11 to 2 against the Y. M. C. A.

Immediately following the baseball game an open air praise service was held at the back stop, led by the Y. M. C. A. student band that is holding services in Garden Grove this week. Mr. Barrett, the leader of the

band, spoke upon the marliness of the Christian religion. After the religious service the athletic program was continued with the high and broad jumps, shot put, 50 and 100 yard dashes. There were over 100 people present to enjoy an afternoon of most interesting sports.

Mr. Sloan the new find and assistant secretary of county Y. M. C. A. has sung and worked himself into the hearts and lives of all who have listened to him and come to know him.

Mr. Eugene De Vault with his wife, of Tulare, is visiting his parents, Mr. and Mrs. Jasper De Vault. Mr. Jasper De Vault lately moved here from Tulare.

Mrs. Jennie White and daughter of Santa Ana are visiting Mr. and Mrs. Reyburn.

The Y. M. C. A. boys after the meeting went over to Orange to attend the watch meeting with the other band. They returned about 2 o'clock.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his Golden Medical Discovery, which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and depressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic troubles, painful periods, irregularities, prolapsus, and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

AMALGAMATION PHONE SYSTEM

Riverside Likely to Take Some
Step Looking to Concerted
Action Along That Line

Suggested at Council Meeting
There Santa Ana Would
Like to be Free

The amalgamation of telephone systems in a number of Southern California cities, including Santa Ana, was discussed at a recent meeting of the city council of Riverside. Of the matter the Riverside Press says:

"It seems more than likely that some move will be made in the near future looking to the amalgamation of the two phone companies doing business in Riverside. The initiative will probably not be taken by the companies themselves, but it is not entirely improbable that the city council might take some action that would ultimately lead to this desirable arrangement.

"While the matter was discussed only incidentally, it is interesting to note that the question had some consideration at the meeting of the city council this morning. Redlands has been working for some time under a system whereby the Home company's lines are used for local service and the sunset lines for long distance work.

"San Bernardino has been hammering at the problem for some time, and it is understood that Santa Ana would like to be free from the double system. It was suggested that some concerted action might be taken by these cities that would lead to securing desired results. Arrangements might be made whereby one company or the other might retire from the field without serious loss.

It was figured out this morning that the extra toll exacted by the maintenance of two systems in this city was an amount sufficient to build a city hall, such as Riverside would like to construct, every two years.

"It has been held by some that two systems are absolutely necessary to secure good service. It was suggested today that in granting a new franchise to the company that would serve the city, provisions might be incorporated whereby the city would be safeguarded in this respect. One of the franchises expires in 1913 and the other some time later."

JUG OF WINE AND A DOLLAR STOLEN

Jerado Villa, a Mexican, was arrested today by Constable Jackson, charged with stealing a jug of wine and \$1 from Juan Mendosa's house near the water works Friday. Villa cut a screen to get into the house while Mendosa was at church. Villa claims he helped pay for the wine. He was about to take the train for Yorba when he was arrested.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in color are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. AMUSEMENTS

The survival of "Uncle Tom's Cabin" at the dawn of the 20th century is something to marvel over, but it is an assured fact. The elaborate renovation of the old play by Manager Washburn of the Stetson company in a new pictorial dress with up-to-date methods, plentifully displayed throughout its half of a dozen acts, judging from the box office receipts, wherever this company plays, furnishes ample proof that "Uncle Tom's Cabin" is still potent. Special scenery for every scene depicted, enlarged choruses of genuine negroes from the Cotton Belt, modern up-to-date specialties, a male quartette, a band of Alabama pickaninnies, a gorgeous cakewalk in a pretty setting entitled "The Place of Silver Mat," improved light effects and mechanical illusions will be seen in the Stetson production of this famous play. The presenting company in some instances is a double one and contains the names of numerous footlight favorites. The Stetson company is booked at the Grand Opera House for next Tuesday.

An Awful Threat

A Kansas man tells of a music hall in a town in that state which bore the unenviable reputation of possessing absolutely the worst band anywhere. On one occasion a "head-liner" from Chicago had been promised by the management for a "turn," and consequently the hall was packed to the doors. When, however, the time had come for the "head-liner" to appear, instead of that eagerly awaited attraction the audience was astonished to see the agitated manager come before the curtain holding a telegram in his hand.

"Ladies and gentlemen," said he, "I very much regret to inform you that the 'Great Stewart' cannot (hisses and catcalls) possibly arrive for at least another half hour. (Great applause.) In the meantime the band will play you a selection."

At this a dead silence followed, which was finally broken by a man in the gallery.

"Smitty, Smitty!" he shrieked. "Don't let the band play. We'll be quiet; honest, we will!"—Harper's Weekly.

NO THANKS TO HIM.

When it is hot enough to roast
A monkey made of brass.
When pavements dull reflect the sun
As might a looking glass,
We wonder who invented clothes
And if it was the case
That the inventor had it in
For all the human race.

In winter when it's ten below
The chilly zero line
A forty dollar overcoat
We hardly would decline.
But in the good old summer time,
When strong ambition lags,
Why do we have to drag about
So many worthless rags?

Did Custom, arbitrary dame,
Not hold us in her grip,
Not make us ketow day and night
And have us on the hip.
We might perhaps use common sense
In wrapping up our shape
And dress more like our ancestor,
One Mr. Fewclothes Ape.

At times we get the faintest hint
Of what the wise might do
If they could throw Dame Fashion down
And dress in peekaboo.
We'd give to persons less advanced
A few electric shocks
And dress ourselves in comfort if
We had to pawn our socks.

"Doctor, can't you do something for me? I have been sick for some time."
"What are your symptoms?"
"I have a constant pain in my liver," placing his hand over his ample vest to designate the spot.
"That isn't your liver, man; that's your stomach."
"I thought it must be my liver, because that is where I live."

The Common Spot.

"I have old Moneybags where I can do what I please with him."
"Learn one of the secrets of his early life?"
"Not as coarse as that."
"Hypnotism?"
"Much simpler."
"What is the recipe?"
"Asked him to be the end man in an amateur minstrel show."

Didn't Mind Suspense.

"Oh, really, Mr. Hotspr, this is so sudden!" exclaimed the shy young creature who had been expecting it for three months. "I couldn't possibly answer you tonight. You must give me time to consider."
"All right," said the young man gayly, "just so you let me know right now what the answer will be after you have thought it over."

Looked Ahead.

"The man who first said there is room for one more was a prophet."
"Who was he?"
"I don't happen to know."
"Then how do you know what he was?"
"He said it before street cars were invented, didn't he?"

NOT HELPLESS AS THOUGHT

Body of the Victim of Fire is to be Taken East for Burial

Mrs. Clara E. Henderson, who died on Saturday as the result of accidentally igniting her clothing while near a gasoline stove, was not the absolutely helpless cripple that at first appeared, but was able to move about a little. It is supposed she was preparing the midday lunch at the time of the accident. The stove did not explode but in some way, that will never be known, her clothing caught fire and something must have rendered her unconscious almost at once as the neighbors heard no outcry.

Mrs. Henderson leaves one daughter, Mrs. Earl Kemp, besides her husband.

The remains were taken at once to Smith's undertaking parlors in Santa Ana, where they will remain until Mr. Henderson can make arrangements to accompany them east, to Mukwong, Wis., where the funeral will be held and interment will be made.

The whole of the community sorrows with the husband and daughter in this terrible tragedy that has come into their lives.

H. W. BORTZ PASSED AWAY YESTERDAY

Henry William Bortz died at 2 o'clock Sunday morning after suffering thirty hours with a third stroke of paralysis. Mr. Bortz was born in Germany 60 years ago and came to America while yet a young boy. He was married in 1874 in this country and to this union six children were born, two of whom died in the east.

Mr. and Mrs. Bortz moved to California about twenty years ago, going first to Rincon, then moving to Olive where they lived until about one year ago, when they came to Orange.

The wife and four children survive Mr. Bortz. Two of the children are married, Mrs. Bertha Bandick of Orange, and Mr. Harry Bortz of Olive, the two younger ones, Walter and Lydia, living still with their mother.

The funeral will be held on Tuesday afternoon at 2 o'clock in the German Lutheran church of Orange. The sympathy of their many friends is with the sorrowing wife and children.

SAW OLD YEAR OUT AND NEW YEAR IN

The Philathea class of the Friends church of El Modena was most pleasantly entertained by the Misses Mabel and Edith Culter at their home in El Modena Thursday evening. The affair took the form of a "watch party," being on New Year's eve and a most delightful time was enjoyed by all.

Funeral Yesterday

The funeral of Mrs. Lydia L. Souder was largely attended yesterday afternoon at the M. E. church. The remains lying in Smith's undertaking parlors for a few days when they will be sent to Vinton, Iowa, accompanied by Miss Henrietta Souder, daughter of the deceased.

Still a Sick Lad

Little Olaf Snyder, son of C. L. Snyder, who was poisoned at the time of the banquet following the ship launching in San Francisco, is still ill from the effects of the poisoning, although a slight improvement is observable.

EUCALYPTUS TIME IS HERE

Thomson Nurseries Sending Many Plants to San Joaquin Ranch

Hugh Thompson of the Bixby ranch is very busy just at present filling an immense order for eucalyptus trees to be put out on the San Joaquin ranch. The Irvine Co. has been hauling the trees from the ranch in wagons and it keeps a train of them busy.

Mr. Thompson will ship a carload to Escondido about the middle of the month. A big shipment went out by train Friday.

This "crop" appeals more and more to the people as time goes on. It is one that requires little care and the returns are sure. Even those who own but a couple of town lots and were wise enough to put out these trees five years ago, are now reaping a good reward.

It is prophesied that before long a good per cent of now uncultivated land will be bearing forests of trees, thus improving the appearance of the country, perhaps affecting the climate, and surely yielding a big income at a small outlay of labor.

SCHOOLS OPENED AFTER HOLIDAYS

The schools have all opened again this morning and it was with regret that most of the children went back to school. A day or two will serve to get them back into the traces and all will go smoothly.

Installation Tonight

The Rebekahs will hold installation tonight in Odd Fellows Hall. It will be the first installation in this district. The team from Santa Ana will install the Orange officers.

PERSONALS

Mr. Davidson, his mother and Miss Ruth Burnett started for their eastern home after a visit of several weeks in California. Mrs. Davidson and her mother, Mrs. Burnett, and the children will remain until spring.

Mrs. Abbott, who has been in a sanatorium at Glendale, returned, accompanied by her uncle, Mr. Hewes, to her home in El Modena.

Mrs. A. Brown is having a bad time with a hand which she burned slightly a while ago. It has become steadily worse from the beginning and is now in a physician's care.

Mrs. Swartzell, formerly of Orange, is making a visit with Mr. and Mrs. Fernald and other old friends.

Mr. and Mrs. Lawrence Hemphill, accompanied by Miss Lela Fernald, drove to Long Beach in their auto on New Year's day, spending the day with relatives.

Orval Handy, who had pneumonia some time ago and who has been very low since, was operated on New Year's morning and a quart or more of liquid was drawn from his chest. Since the operation the little fellow has been doing much better.

Mrs. Ray Billingsley spent a few days last week with her daughter in Los Angeles.

C. L. Synder, a former resident of Villa Park, but now of Alameda, visited with his uncle, Henry Snyder, last week. Mr. Snyder owns about fifteen acres of orange land and the visit also included the inspection of the same.

The Luddington family who have been in Orange for about a year, leave today for a point further north, where they expect to make their permanent home.

Miss Mabel Culter returned to San Diego today where she is attending normal.

Mrs. Susan McPherson's daughter, Miss Rena, returned to her home in Alhambra after a visit with friends and relatives in El Modena and McPherson.

RECOMMENDATIONS FOR DIVORCE REFORM
Judge A. L. Sutton of Omaha, who has heard over three hundred divorce cases has some recommendations to make as to what may remedy the divorce evil, and we respectfully commend them to the careful consideration of those gentlemen in Pasadena and Los Angeles who are working on this problem along legislative lines.
Here are Judge Sutton's recommendations:
First—That the law allowing civil magistrates to perform marriage ceremonies be repealed.
Second—That no decree of divorce be granted until at least one year from the date of the commencement of the suit.
Third—That the innocent party to a decree of divorce be allowed to remarry only after five years from the date of the decree.
Fourth—That the guilty party to a decree of divorce be allowed to marry only after ten years and in case of children only after the children become of age.
Fifth—That the employers of a divorced man be required to pay to the wife one-third of his wages when the man was at fault.
Sixth—That no divorce case be tried until some disinterested lawyer, to be appointed by the court, makes a full and complete investigation of fact to the court. The expenses of the investigation to be taxed as costs in the case.

CAN THEY DO THIS?
The San Diego Union states that "Radical change of the method of compensating certain county officers and the deputies in their employ are in contemplation by the board of supervisors, who, after a consultation with State Senator L. A. Wright, and Assemblyman E. A. Hinkle, yesterday agreed that the former shall frame a bill to be presented to the state legislature at the coming session giving the board the power to regulate salaries."
We wonder if the Union really means that it is contemplated to have a law passed that will allow the supervisors to determine what deputies may be employed by a county officer and to fix their salaries. We tried that plan in Riverside when the county was first formed, but ran up against the provision of the constitution that no elective officer can have his salary raised during his term of office. The court held that the payment of deputies not authorized by the law governing the compensation of county officers in counties of this class was in effect an increase in their salaries.
It would be a very convenient and sensible arrangement if the supervisors were allowed to arrange for additional assistance for the county officers as it might be required and to fix the compensation to be allowed these deputies. But we doubt whether that can be done.—Riverside Press.

Of the ebbing night thy uncouth form,
Steel-skeletoned, immune to Time and Storm,
Looks like a fragment from a world beyond hail.

About thy breast creeps out to space.
The winds kiss
Thy sounding dome, and from that harp of light
Loud rise the matins of the Metropolis.
Symbols of the age! The selfsame hand

BILLIE SUNDAY'S SPOKANE PRAYER

"Jesus, help me. I'm doing my best. I feel awful weak, but I'm glad of it, for you will help me the more. * * *
Lord, bless the mayor. I don't know whether he's a Christian but he ought to be. Bless the city council; I want to thank them for allowing us to build this tabernacle, and for many official courtesies * * * and don't forget the chief of police and the captains and the sergeants and the cops on their beats and the fire laddies, bless them, Lord, too. They'll slide down the brass pole and hook 'er up and hit 'er off for a fire, and they work just as hard to save from the flames the hovel of the poor as to rescue the biggest business block * * *
"Bless the Masons and all the lodges * * * now there's the Elks—if ever that bunch gets on the right track they'll give the devil the best run for his money he ever had. If I was down and out and needed the glad hand and a handout, the first thing I'd do would be to climb the stairs to the Elks' lodge room. No frosty mitt there.
"Bless all the churches * * *
Lord, bless the newspaper bunch * * * and we ask thy mercy on stricken, bleeding Italy * * * Lord, save the saloon keeper, but damn the saloon. I love the saloon keeper and the barkeep, but Lord, you know, I hate their business.
"Clean up this old town, Lord—they tell me the theaters here run in spite of the law. If they do they ought to be in the calaboose. Help us to clean up Spokane. Amen."

Poet And Creditor
A Paris contemporary tells this story about Joseph Mery, the French poet: A creditor called one morning early to ask payment for an account. He interviewed the poet in bed and expressed sorrow at having to trouble him, but would he settle the account.
"With pleasure," replied Mery. "Have the goodness to open the first drawer of that cabinet."
"I have sir," replied the creditor, "but there is nothing there."
"Indeed? Well, try the next."
"There is nothing in it."
"That is strange. Try the third."
"There is nothing in there either."
"Look on the mantel-shelf."
"But it is the same as the drawers."
"It is incredible. Have you looked on the table?"
"Yes."
"And in the secretarie?"
"Yes, and there is nothing."
"In my clothes?"
"Yes, I have turned out all the pockets."
"Ah, well," replied Mery, with the greatest composure, "if there is no money in the drawers or on the mantel or on the table or in the secretarie or in my pockets, how in the name of all that's wonderful can I give you anything?"—London Globe.

LIGHT OF PUBLICITY TO BE TURNED ON
(Continued from Page 1.)
ure to conform with their own direct primary ideas.
The Legislature will enact a direct primary law, but the anti-organization members of the Senate and Assembly are somewhat dubious as to the character of the measure that will be passed.
While it is certain there will be strenuous times on the floors of both houses and in committee when the anti-racetrack bill is under consideration the general impression here is that California horse racing is doomed.
Senator Frank W. Leavitt, of Alameda, who holds the program privileges at Emeryville, and who has charge of the fight the allied racing interests are making against the measure, is determined to win out and is making the race track issue his main fight.
The anti-Japanese proposition will cause much dispute. Indications are that Assemblyman Drew of Fresno, and Johnson of Sacramento, proponents of anti-alien bills, will encounter considerable opposition.
That the criminal laws are in need of general revision is the consensus of opinion among legislators and there will be amendments innumerable. It is proposed to permit eight men on a jury in a criminal case to bring in a verdict. That, it is declared by those who favor the change, will help put an end to jury-bribing. Another amendment that will be offered provides that a person or persons under investigation by a grand jury shall have the right to appear personally before the inquisitorial body, either alone or with counsel, and listen to and participate in the deliberations of the grand jurors. It is put forth in defense of this proposed alteration that a grand jury frequently indicts an individual on circumstantial evidence not sufficient to warrant a conviction in a Superior Court and thereby blasts his reputation and does him irreparable injury.
Another job laid out for the legislature this year is the passage of a new set of laws governing banking in this state. At the special session of the legislature held during the financial depression in 1907, a joint committee from both houses was appointed to investigate with a view to ascertaining what revision of the California banking laws was needed.
The committee held several meetings throughout the state and has come to Sacramento with a voluminous report and a large number of amendments.
In order to comply with the Dick act, enacted by congress, which placed the organized militia of the different states second in rank to the regular army, the military laws of California must be thoroughly revised to conform with those governing the regular army. The Dick act requires that the alterations be made before July 1, 1909. It is necessary for this state to comply with the provisions of the act this year in order to secure the appropriation allowed the National Guard by the government.
Indications are that the first day on which bills may be submitted will see a record-breaking number of measures presented.
A feature of the opening day of the legislature was the noticeable absence of the army of job-seekers and would-be attaches that heretofore always have invaded the capital city when a legislature convened. The

adoption of the constitutional amendment limiting the expenses of each house to \$500 per day has had the effect of discouraging many of those who have been in the habit of flocking here every two years for their share of legislative patronage.
The legislature went into session in the capitol recently remodeled. The legislature of 1907 convened at Red Men's hall.

Haskell said that capital and labor had no grounds for fighting, and both should be permitted to organize.

Uncle Tom's Cabin
Stetson's "Uncle Tom's Cabin" is the title of a really big company, which, under the personal management of Mr. Leon Washburn, whose name has been long and favorably associated with up-to-date amusements, is to appear at the Grand on Tuesday evening. The company comprises twenty-five people, including a dozen specialty artists, two quartets, a superb orchestra, and many colored comedians, who add to the big production not a little by their spontaneous wit and clever singing and dancing. Watch for the big parade.

FULL BINS—SMALL BILLS

No wonder the shrewd housewife is happy and contented when she knows her bins in the cellar are filled for the winter with our good coal, for which she holds the receipted bills that are most moderate. If every housewife had the same good judgment she would see to it that her winter's supply of coal was put in before prices advance still further. Every load of our coal is guaranteed to be full weight and free from rubbish or dirt.

YESTERDAY AT THE CHURCHES

The first appearance of Rev. Chas. H. Seccombe yesterday, as pastor of the Congregational church, was greeted with a capacity-filled house at both morning and evening services.

Mr. Seccombe's flattering reception was due to his well established reputation in Southern California as an eloquent and inspiring speaker. Two previous sermons at this church, delivered here some time during the past two months, had already delighted the members of the church and congregation, and aroused very vivid expectations. Yesterday's sermons, graphic, eloquent and forceful, not only fully substantiated these expectations, but touched powerfully the minds and hearts of all who heard the splendid efforts.

The theme of the morning sermon, which was addressed particularly to the church, was: "The Church Equal to the Task." Mr. Seccombe strongly emphasized the fact that it is the duty of the church to take the leadership in the social readjustments for which the world is calling. He said also that the only way in which the church may be fully equipped for such leadership is for each individual Christian to live the pure life of righteousness.

In the evening Mr. Seccombe developed in glowing and inspiring words the splendid thought that the Golden Age is today, for we are rich with a heritage of achievement and magnificent results from the effort of all the ages past.

In a friendly preface to his morning sermon, Rev. Seccombe expressed his belief and hope that his call to the Congregational church of Santa Ana by the unanimous voice of the membership of the church, would result both profitably and blessedly. He spoke of his admiration and belief in beautiful Santa Ana and her surrounding country, and expressed his pleasure at becoming identified with its interests. In graceful and appreciative words he also expressed his gratitude at the splendid welcome accorded to him and his.

REO LEADS 'EM ALL AGAIN

October Registrations—Reo Ahead by 43 per cent in Maine and California. According to the report of the New York Auto Directories Co.'s October registrations for the state of Maine, the Reo leads all other automobiles by 43 per cent.

The nearest registration to the Reos in Maine for October was the Buick which the Reo beat by 43 per cent. Reo beat Cadillac and Stanley by 100%, the White, Maxwell, Pope and Stevens-Durva by 233%, the Franklin, Jackson and Oldsmobile by 1000%, and numerous others at the same clip.

Main is noted for sandy and mountainous roads requiring unusual power, durability and reliability in automobiles. No other argument is necessary to show why Reo leads in Maine by such big odds.

REO'S OCTOBER REGISTRATION IN CALIFORNIA are equally significant. The New York Auto Directories Co. reports 24 Reo registrations in the state. Reo leads Maxwell by 60%, Oldsmobile by 71%, Pope by 118%, Mitchell and Packard by 84%, Cadillac by 100%, Elmore, Rambler, White and Pope by 118%, the Franklin and Thomas by 800%, Jackson, Overland, Knox, Northern and Pullman by 1200%.

California motorists are everywhere said to be "on their jobs." They need cars that will pull through heavy sand and take them over rugged mountain roads and then bring them back.

The above fully answers the question so often asked: "Why are so many Reos sold in Santa Ana?"

A New Year's Wedding

Surrounded by members of her family and many loving friends, in a room beautiful with white bride roses and a dainty wedding bell of graceful fern fronds, Miss Jennie Cox was married on New Year's day, Jan.

1, 1908, to Wm. Corwin of Hemet. The wedding was at the G street home of the bride's parents, Mr. and Mrs. Edwin Cox, and the impressive ring ceremony was performed by Rev. W. L. C. Samson, pastor of the United Presbyterian church. The bride was most winsome in a handsome wedding gown of blue broadcloth.

Following congratulations a wedding dinner was served, at which many good wishes were voiced for the happy bride and bridegroom. The dining room was decorated in red and green.

After fond farewells and the presentation of many handsome and valuable gifts, Mr. and Mrs. Corwin left for Hemet, near where Mr. Corwin has a valuable ranch, where the newly married couple will reside.

Among the forty or more guests present were three of the "Beach Girls," with whom Mrs. Corwin has been pleasantly associated in the past. These were Misses Lulu Finley, Agnes McBride and Mary Smart. Some of the out-of-town guests were Mr. and Mrs. Wells, Mr. and Mrs. Sherman, son and daughter, Miss Casey, Mr. Gilmore of Los Angeles; Mr. and Mrs. Vogel and son of Glen-

dale; Mr. and Mrs. Green of Ventura, brother-in-law and sister of the bride; Asa Cox, wife and family, and Mr. Bear of Hemet.

W. C. T. U. to Hear National Speaker
The W. C. T. U. will hold a special meeting tomorrow (Tuesday, Jan. 5) afternoon, at the First Baptist church, with the meeting in charge of Mrs. W. L. C. Samson, Mrs. W. G. Gould and Mrs. Willis Blee.

The special feature of the meeting will be an address by Mr. Morgan McKoon, a national organizer, and president of the New York Loyal Temperance Legion. Following his talk before the W. C. T. U., Mr. McKoon will speak to the school children, who are invited to go to the church immediately after the close of school.

Mr. McKoon, being a young man, is intensely interested in young people, and a cordial invitation is extended to the "Ys" and others to be present at these meetings, to which the public generally is also invited. The subject is one of great interest and one in which the community is interested, as the L. T. L. work has become one of importance among the children.

Miss Elizabeth Cordray, who arrived in Santa Ana one year ago for a visit of a month, which was prolonged into one of twelve months, left today for a few months' stay in Phoenix, Arizona. Miss Cordray is more pleased with Santa Ana as a place of residence than any other town in which she has ever lived.

Will Locate in Santa Ana

Dr. Belle Bennett Sharpe, late of Chicago, Ill., who has been visiting Mrs. DeVore, has decided to locate in Santa Ana, and will open an office at 105 Bush street.

Fred Crosier, who for the past two months has been in the offices of Barker Bros., the big furniture dealers of Los Angeles, spent yesterday at home, returning in the evening to the city.

Misses Caroline and Evaline Cutler spent yesterday in Santa Ana with friends, coming down from Los Angeles, where they have been the guests of the Behymers the past week. Miss Caroline returned to the city in the evening for another week's visit, but Miss Evaline left this morning for her home in San Diego to take up high school work again.

Mrs. W. B. Tedford returned yesterday from a trip to Pacific Grove, where she went several days ago to take her mother, Mrs. F. Purinton, to her home. Mrs. Purinton spent a month in Santa Ana and intended to spend the winter here, but on account of not feeling well, decided to return to Pacific Grove.

Conrad Crookshank left last night for his ranch property in Tulare county.

Miss Sally Cartmell, who has been in Arizona for some time, has returned here and will make her home with her mother on French street.

Mrs. N. N. Brown and her daughter, Miss Charlotte Brown, of Los Angeles, have been visiting Mrs. Sherman Stevens of Tustin and Mrs. Bulard of Santa Ana.

The secretary was instructed to write to Prof. Warren Clark of the university of California and secure, if possible, one of the agricultural trains for this section of the state.

A pretty surprise was sprung during the evening, when the two club children, Bertha Barton and Martin Bishop, received books from the club.

The club adjourned till February 6, to meet at that time at the home of C. E. Buell, on South Main street. The subject will be, "Can we grow eucalyptus trees for profit in Orange county?" to be led by A. D. Bishop.

Back to School

The Pomona College students, who have been enjoying the holiday vacation at their various homes in Santa Ana, left today for Claremont, with the exception of Miss Elsie Parker, who will probably leave tomorrow, although still suffering from her sprained ankle.

BEGAN A NEW TERM AT NOON

Judge West Enters Upon Second Six Years of Service on the Bench

Twelve o'clock noon today marked the end of Judge Z. B. West's first term on the Superior court bench and the beginning of his second term. There was no off with the old and on with the new. He is the same kind-hearted, conscientious, hard-working judge in term and out, and Judge West entered his second six years of service as earnestly as he did his first. His was the only office in the court house that was up for action by the voters during the last campaign, and Judge West got not only the biggest vote ever given any man in this county, but also the biggest majority, with or without active opposition.

WINE BROUGHT TWO ARRESTS FOR VILLA

It seemed to be a case of partnership wine, and one partner drank more than his share while the other partner was away at church. This was the way Justice of the Peace Smithwick sized up the complaint of larceny brought by Juan Mendoza against Jerardo Villa.

The wine was bought in Anaheim. Thursday night the two men celebrated. Friday Villa wanted more celebration, and he went into Mendoza's house, where he had been living, got the wine, and he and another Mexican celebrated, with the result that the two of them were arrested and fined \$5 apiece.

QUIZ TOO MUCH FOR ALL BUT THE FOUR

Thirteen Applicants Started But Nine Fell by the Wayside

Four of the thirteen applicants for teachers certificates who began the examinations last Monday passed the examinations and were given the certificates they wanted. The successful ones were Miss Nina Harbour, average 90.8; Miss Alice C. Baker, Hanford, 93; Miss Mary D. Miller, Los Angeles, 91.3; Mrs. Norma Richardson, San Diego, 85. An average of 85 was necessary to pass. Most of the applicants, including the only man who started in, fell on the quiz on arithmetic.

Nearly all the schools in the county began work today, following the holidays. Miss Norma Ross has been elected to take the place of Miss Daisy Richardson, resigned, in the seventh grade at Garden Grove.

The Peralta school trustees will elect a new teacher tonight to take Merle Smith's place, Mr. Smith being compelled to quit teaching on account of trouble with his eyes.

has been "looking backward" for the past few days and it appears in evidence that, while there has not been, during the past year, so much money taken in "over the counter" as during the previous year, the amount of goods handled compares well with the few previous "fat" years—the same goods costing less money.

There is no need of anybody disputing the fact that we have been pretty busy during the past year, and each of our helpers in the shop and store (there are ten of them), have done their part well and have helped us to make a success of the year's business.

Finding the "balance" on the right side of the ledger, we begin the new year with confidence and hope in the future, and expect to take what's coming to us and "look pleasant" during the days and months of the year One Thousand Nine Hundred and Nine.

INVALIDS AT HOT SPRINGS

HOEGEES EASY FOR HOME SOX

Toughs, Hooligans and Hoodoos Don't Get That Far Into Foothills

From the Jump the Local Team Kept Its Winning Streak in Sight

SAN JUAN HOT SPRINGS, Jan. 4.—Only three or four invalids are here at the present time, but people who come here for the pleasure of it come and go, feeling better for the time they have spent in this Paradise. Toughs, Hooligans and hoodoos are unknown here, the springs being outside of their zone. This is the place for men, women and children to come and open up their souls to let in a little light. It smooths out the wrinkles and adds fifty per cent in vitality in a short time. This is a fine time of year here.

Here the seasons are never off. The year round this little valley has its work cure, rest cure, springs cure, nature cure.

Mr. and Mrs. Thomas, Mr. and Mrs. Edwards and Mrs. Mann of Santa Ana were at the Springs several days during December. They were charmed with their environs and enjoyed their trip very much. They visited the Sievers ranch and all the places of interest.

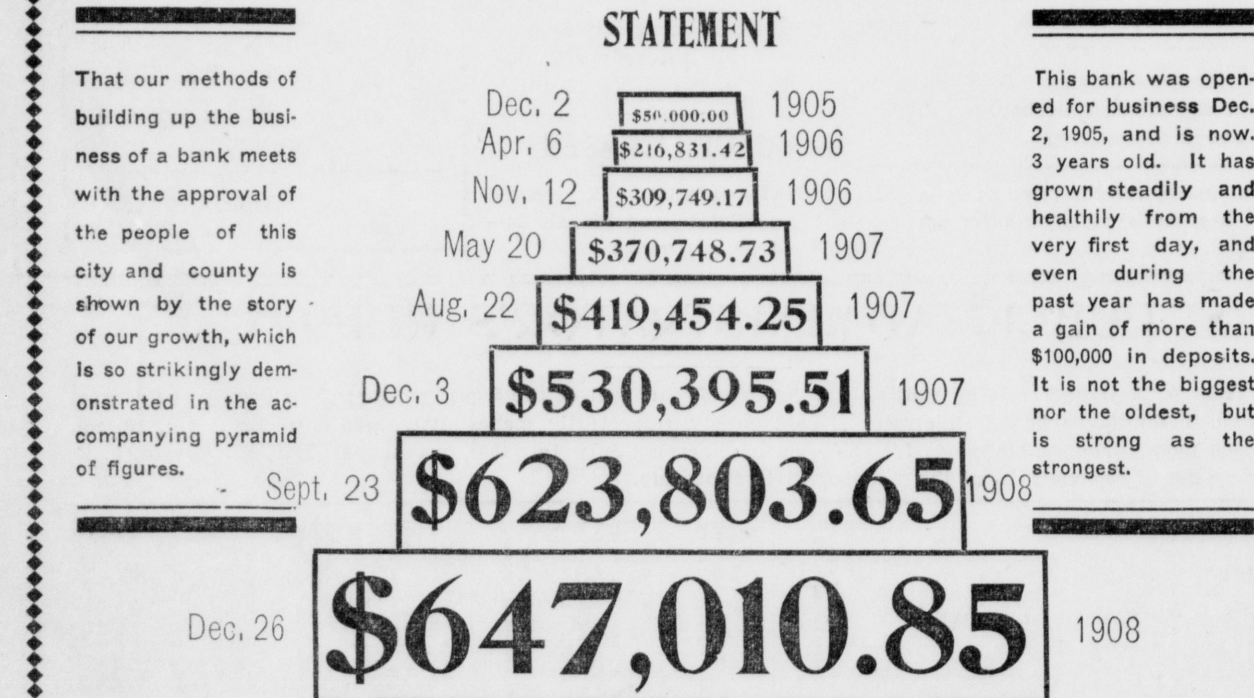

Mrs. Sievers was in Los Angeles for a few days stay, but was back in time for the holidays at the old home-stand in the mountains. Mrs. Le Prince of Oakland, a daughter of Mrs. Sievers, came up for the holidays. She is making the home lively and is busy taking pictures of the sunlit crags and mountain scenery. A big, Christmas dinner was served at the rancho, and the hostess, Mrs. Sievers, did the honors of the fiesta in fine style. Mr. Sievers has been on the sick list, but is out on the Big Playgrounds again.

The Sign "Bank"

Does not make a BANK and is often misleading. It requires energy, close attention to details, sufficient capital, ripe experience, care in extending credit, courtesy toward its customers and an absolute keeping away from all business of a speculative nature to make a real BANK.

The above figures show the growth of the Bank from the day it opened its doors on Dec. 2, 1905, up to the present time.

The winning streak that has struck the Yellow Sox continued to hang on Sunday, when they defeated the crack Hoegee team from Los Angeles by the score of 6 to 1.

Carson was on the mound for the locals and pitched a great game, allowing only four safeties and fanning ten of the sporting goods men. Carson's fine pitching and the work of Meats behind the bat were features of the game. Meats, as he usually does, got his timely single which brought in one of the runs.

Score Three Times

For the Hoegees there was nothing to do but go out in one, two, three order, but the Yellow Sox had a different story to tell. When they got through with their half of the first inning they had put three men across the plate, and of course you want to know how it happened.

Henline, the first man, drew a pass to first. La Longe bunted, both runners landing safe. Henline and La Longe worked the double steal. Altizer met the ball on the nose for a two sack, which scored Henline and La Longe. Meats flied out to Wilkinson, Donovan hit one to Phillips, who held it a little too long, making a wild heave to first, Altizer scoring.

More Scores

After Robinson and Brown were out in the second, Carson was safe on the pitcher's error, going on to

second on the wide throw. Henline hit to short and was safe on McQuade's high throw. Carson scored as the ball went to the fence.

In the third they repeated the trick. La Longe, the first man, started off with a single. Mott, fouling many times, finally fanned out. La Longe was caught trying to steal second. Altizer got in the way of one and was given his base, stole second

and third and scored on Meats' single to center field.

Hoegees Score in the Fifth

The sporting goods men found their way around the circuit in the fifth. McQuade opened with a single to left, Wilkinson doubled to left center, scoring McQuade.

Yellow Sox Score Again

The Yellow Sox felt that they had to score once more, so they did it in the fifth. "Micky" La Longe opened up with his third hit of the day, a single to right field. Mott walked, Altizer popped out to McQuade, Meats was given a free ticket to first. Donovan hit to Mohler, who threw low to Orendorf, La Longe scoring the locals' sixth run.

Something for the Fans

Henline, La Longe and Altizer all were credited with two purloined sacks each.

Henline took a liking for "high balls" yesterday, connecting with two for two bags.

Captain Altizer got a timely double in the first.

Carson's splitter was in fine working order.

Brown was given something to do Sunday.

La Longe was good for three safeties for the day.

Mott was a victim, three times, to the Hoegee slabster.

The Maiers will play here next Sunday. Johnson will pitch for the locals.

A GOOD REMEDY FOR STOMACH TROUBLE

Will Regulate Digestion and Fix the Stomach so You Can Eat Any Food

—Miserable is the man or woman who suffers from dread Indigestion or Dyspepsia. There are few diseases which create such misery, long drawn-out suffering, as Indigestion. It pursues them before meals, after meals and between meals; they take it to bed with them. It is with them wherever they go, though Indigestion is the simplest disease of all to cure.

Tell such afflicted ones, dear reader, of Pape's Diapepsin; urge the sufferer to go to any Pharmacy here and give 50 cents for a case. Such a sufferer would ever bless you, because five minutes after taking there would be no more Indigestion, no feeling like a lump of lead in the stomach, or heartburn or fullness and discomfort, no Belching of Gas or Eructations of Sour food, Debilitating Headaches, Nausea, Water Brash and other symptoms of a sour, disordered stomach.

Pape's Diapepsin will digest anything you eat without the aid of the stomach.

Diapepsin is a wonderful Stomach purifier and splendid to keep the intestines clean and fresh; then your food will not ferment and poison your breath with nauseous odors.

Diapepsin will rest the stomach and increase the gastric juices; this is what is mostly needed—more and better digestive juices—and no Gas—then Indigestion and all stomach trouble will go.

Each 50-cent case contains sufficient to usually thoroughly cure the most chronic dyspeptic.

PRESIDENT'S MESSAGE ABOUT SECRET SERVICE

Denies Making Charges Against Congress But Defends His Position

WASHINGTON, Jan. 4.—President Roosevelt's expected special message on the secret service was sent to the House today. It denies the statement made in the House resolution of inquiry that he had charged any member of the present congress with corruption or that the majority of congressmen were in fear of investigation by detectives. He gives the names of former senators and representatives convicted in connection with land frauds, and reiterates the declaration made in his annual message that the limitations placed by congress on the operations of the secret service could be of benefit only to the criminal class.

Of the work done by the secret service, the president refers to the land, naturalization, lottery, silk, opium, ink and other frauds. He recommends that all the government detective services be consolidated into a single bureau to be attached to the Department of Justice and that Chief Wilkie's salary be increased from \$4000 to \$6000 a year.

He denies strenuously the allegation made in certain quarters that he ever used the secret service in purely private or political matters. Incidentally, he charges that agitation against the secret service was begun with an article written by L. W. Busbey, private secretary to Speaker Cannon, for a Chicago newspaper.

Altogether the president presents a strong though calm argument that he was exactly right in making the criticisms that enlivened his message at the opening of the session.

"I am wholly at a loss," he says, "to understand the concluding portion of the House resolution. I have made no charges of corruption against congress, nor against any member of the present House. If I had proof of such corruption affecting

detection of criminals and the prevention and punishment of crime, or does it not? The action of the House last May was emphatically an action against the interests of justice and against the interest of law-abiding people, and in its effect, of benefit only to lawbreakers. Is the House now willing to remedy the wrong?"

The president quotes from a letter he sent to Speaker Cannon April 30, protesting against interference with the secret service, in which he said: "There is no more foolish outcry than this against 'spies,' only criminals need fear our detectives."

The message reviews the operations of the secret service men since 1901. They uncovered a system for the fraudulent acquisition and fencing of public lands. In this work one of the detectives was assassinated. In Nebraska 60 men were indicted for land frauds, and of 32 so far tried, 28 have been convicted. The government has secured the return of 1,000,000 acres of grazing land and of 2000 acres of mineral land in Colorado. It is suing for 150,000 additional acres.

Of the land frauds, the president says: "No more striking instance can be imagined of the desirability of having a central corps of skilled investigating agents who can at any time be assigned, if necessary in large numbers, to investigate some violation of the Federal statutes, in no matter what branch of the public service."

The Secret Service men obtained hundreds of convictions of conspirators who sold fraudulent naturalization papers. They located in Canada, Greene and Gaynor, who were implicated in big government contract frauds, and arrested them. They secured many convictions in peonage cases and in silk and opium customs frauds. They assisted in the beef trust investigation and located the cotton leak in the Agricultural department. Their destruction of a lottery company netted the government \$300,000 in fines. In revealing the ink contract fraud in the Bureau of Engraving and Printing they saved the government \$100,000 a year. The total expense of the Secret Service last year was \$135,000.

"Such a body as the Secret Service," continues the message, "such a body of trained investigating agents, occupying a permanent position in the government service, and separate from all local investigating forces in different departments is an absolute necessity if the best work is to be done against criminals. To provide for this is not only the right of Congress but emphatically its duty. To use the Secret Service in the investigation of purely private or political matters would be a gross abuse. But there has been no single instance of such abuse during my term as president."

"I most earnestly ask, in the name of good government and decent administration, in the name of honesty and for the purpose of bringing to justice violators of the Federal laws wherever they may be found, whether in public or private life, that the action taken by the House last year be reversed."

"I also urge that the Secret Service be placed where it properly belongs, and made a bureau in the Department of Justice, as the chief of the Secret Service has repeatedly requested; but whether this is done or not, it should be explicitly provided that the Secret Service can be used to detect and punish crime wherever it is found."

Attached to the message is a letter from Secretary Cortelyou, to the Treasury Department, to the House Committee on Appropriations; the Busbey article, and letters from the President to Speaker Cannon and the late Senator Allison, all bearing on this subject.

DEATH COMES IN SAD GUISE

Edwin H. Kippe, High in Masonry, Died Without Friends or Funds

BERKELEY, Jan. 4.—Lying on an old cot in a vacant house on Merced street, without funds or friends, Edwin H. Kippe, of Denver, a Scottish Rite Mason, and a member of El Paso Lodge 13, of Solorado Springs, died yesterday afternoon of exposure and starvation. Kippe was an expert accountant, and evidently came here seeking employment. He was thirty years of age. He was noticed in the house, which is being constructed by boys who notified the police. When assistance reached Kippe he was dead.

ORPHANS MAY HAVE HOMES

If Orange County People Will Communicate With Field Superintendent Ellis

"Orphans are most happy when out of institutions," says President Roosevelt. He also says, "Personally I earnestly believe that the best way in which to care for children is in the family home."

The Children's Home society, of which Rev. John Waldo Ellis is the superintendent in the field, and who is now in Orange county, says the past fifteen years' demonstration by the society in California will prove the president's belief to be true. The society motto is, A family home for every homeless child of tender years.

Certainly much good is being done by this society. During the past year one hundred and sixty-nine children have been received by the society. The last two taken during the old year were from Orange county.

Mr. Ellis says our people are alive to the interests of the neglected child—as much so as in any of the counties over which he has supervision. Surely the most humane and common sense way is to care for the homeless child while it is as clay in the hands of the moulder, and not wait until it must be cared for as a pauper or a criminal at an enormous cost to the body politic.

Mr. Ellis would like persons who may know of a child needing care or a home that would receive a child on probation, to write him, directing the letter to J. W. Ellis, Santa Ana, for the next two weeks.

Many of the people of Orange county are contributing to the society each year, as the work is supported by voluntary contributions only. There are no doubt others who have not been solicited who would aid if a chance were given to them. If there are any such, they may hand their contributions to Cashier Crookshank, of the First National Bank of Santa Ana, giving name and address, so that due acknowledgement may be made.

TAYLOR PUTS IN NOT GUILTY PLEA
